

PREACHING

Series

I'm really excited about the new term ahead of us as we journey through the autumn towards Advent and Christmas. At our early morning services we will be following the Lectionary readings. On the first Sunday of each month we will be using a helpful trinity of headings as our guide – Be with Jesus / Become like Jesus / Do what Jesus did - a simple but rich discipleship oriented framework that is good for All Age Services and more reflective evening services. At the 10.30 and 6.30 services we will be looking at the early stories in Luke's gospel. We often use these around Christmas but having a chance to look at them in advance of Advent means that we can perhaps rediscover them as Luke's way of introducing some of the key themes of his wonderful but challenging biography. Each of the short episodes seem to contain the seed of some of key themes of the rest of the gospel within them so taking our time together as a church family will help lay the foundation for looking at the rest of the gospel over the coming months (or year). Then as we enter Advent we switch to lectionary readings and carol services... It's going to be great!
