

PREACHING SERIES

I am looking forward to continuing the journey through LUKE'S GOSPEL again this term as we watch Jesus teach, provoke, heal and forgive. Jesus' teaching is not abstract or individual in focus but is intended to form a particular kind of community. He is determined to offer us a new worldview, and vision for our lives. He is looking to recruit us to join him in his mission and to teach us how to represent him in our everyday encounters and relationships. He is very clear about his expectations and Luke is keen for us to hear the strength of this call in the clearest of ways.

Ascension and Pentecost are also part of our journey this term and these will shape our thinking and worship too, as we move through to the summer looking at how God's Spirit leads us into mission.

Richard

SUMMER 2019
